Food Collection

Last year, our church was able to help collect food and distribute it to the most needy in our community. This year again, we are reaching out to these people. Since the beginning of December, the people of the church have been stocking food at the church to prepare packages for distribution in January. Please be in prayer that as these items are distributed, that those who receive them would be touched by this kindness and understand why we are helping our fellow man. Pray that the Gospel would shine brightly and that the church would continue to have a good testimony in our community.

Praise the Lord for His goodness and faithfulness as we serve Him in France. Praise the Lord also for the opportunities that we have to share of His love to the lost around us. Even with these blessings, we are still in a “holding pattern” for the several outreach activities of the church. At this point, outside of church services, we would be required to verify health passes if we had any outreaches. This obviously makes things difficult to plan in the near future. Please pray that by this Spring, things would begin to open up so that during summer, we would be completely free to resume “normal life”. Even with these restrictions, we have had opportunities to reach out on a personal level with the Gospel. Pray that the Lord would work in the hearts of those who are searching.

Our church distributes scripture calendars at the end of the year and beginning of January. This year,

we have been able to distribute more than we have in past years. Praise the Lord for this means of sharing the Gospel.

Please also be in prayer as I finish preparing the material for the class that I will be teaching in March in Ivory Coast. Pray that the Lord would lead and direct during my preparation.
