

## PRAISES and REQUESTS

- Praise the Lord for the recent profession of faith.
- Praise the Lord for His strength to maintain multiple services during COVID restrictions.
- Praise the Lord for His safety during this time.
- Praise the Lord that we are going to be able to host our VBS in July.
- Pray for souls to be saved for God's glory.
- Pray that all would go well for the conference in July where I will be speaking.
- Pray for Paul's family as they mourn his death.
- Pray for those who have received the John and Romans that have been distributed.

### Law to enforce the principles of the republic

Please continue to pray for this new law that will be adopted shortly. The text of the law has been debated by both the parliament and the senate at this point. Once it arrived in the senate, several modifications were made, which helped rebalance certain aspects. This new law has been sent to a special commission at this point to make more modifications and merge the two texts voted by the parliament and the senate. As it stands, there will be more controls and inspections concerning what is said in the church and financing coming from overseas. Pray that the Lord would continue to work and that we would not experience any restrictions to preaching the Gospel.

## THE · PRICE · UPDATE

### May - June 2021

What a great God we serve! Though the last several months have been a bit trying, we have seen God do great things. One of the most encouraging was the profession of faith of a young lady that has been coming to church with her family for several years now. She has been working through discipleship lessons with us recently. She realised her need for a Savior after studying a lesson on faith. The family is going through very trying times and may be leaving the area in the next couple weeks, pray that this young lady would continue to grow in the Lord.

Please be in prayer for those in the church. Several have been tested in their faith through death, sickness, unemployment and family problems. All are part of life, but it is difficult to go through these trials. Pray that these trials would not be a time of weakening faith, but an opportunity to see God's glory revealed as He works all things for good.

Pray for us as we look forward to several outreaches this summer. We will be again distributing at the Tour de France and having VBS. Pray that there would be no health restrictions to spreading the preaching of the Gospel.

Helping a lady of the church with Paul.
