

THE · PRICE · UPDATE

November - December 2018

It is hard to believe how fast the last several months have flown by. The church has seen increased attendance from several recent professions of faith and new believers becoming more faithful as they grow in the Lord. It has been a great encouragement to see God working in the lives of the people of the church.

A recent blessing that we had at the church was Pauline's baptism. We praise the Lord for how He has been working in her life. Please pray for Pauline as she is in college and is not able to come home very often. Pray that she would be able to integrate well at the church where she is attending college.

Another blessing that we had recently was that we were able to move into the house that we purchased in August. After several months of work, we have a functioning bathroom, kitchen and living spaces. Please pray that we would be able to advance in the work needed. We praise the Lord that we were able to find this home close to the church and school.

Christmas Soirée

The church is having an outreach on December 14th for Christmas this year. Please pray that as we invite our unsaved friends and family members we would be able to see people come to a saving knowledge of Christ. Pray that the financing for this outreach would come together since it will be held in a hall that we are renting and having a meal. We praise the Lord that a supporting church has already decided to help with part of this project.
