## New Law - The Principles of the Republic

On 8/24/21, a controversial law went into effect in France. For most, since they are unbelievers, it appeared to be a law that needed to be accepted, but for those who are believers, this law is a source of concern. A transition year will be allowed for churches to adapt to the new rules: reporting activities, finances, etc. In spite of a transition year, a police is already in effect. Places of worship could be closed for hate speech, inciting violence, and the call for non-enforcement of the law. All these seem to be good things, and in general they are. Who decides what is hate speech, etc.? Please pray as we adapt to this law and also maintain a biblical stand for the Lord.

## THE · PRICE · UPDATE

### September - October 2021

What a great blessing it is to be able to serve the Lord! He has been working in hearts and lives and we are encouraged by what we see. Karis and Ian started school on 9/2 and were very happy to find their school friends again. Please pray that as we are in contact with the different families from the school that we would see souls saved. Some of the children from the school have started coming to the Bible club. What a great answer to prayer!

This September, I will be teaching two classes, Synoptic Gospels and Angelology at a Bible college in France. Please be in prayer for myself and the students that we would grow during these two weeks of teaching. Please also pray that the door would open for a summer intern from among the students that I will be teaching and even maybe a future pastor for the church in Saint Gaudens.

Please be in prayer for the church in Saint-Gaudens. We have seen a large group leave the church to find work or for family reasons. Pray for those who have left that God would use them where He has sent them.
